## **FOODSERV SOLUTIONS**

### **AT YOUR SERVICE**

Founded in 1981, FoodServ Solutions has established itself as a multinational leader and multi-award-winning provider of cutting edge solutions for commercial and industrial kitchen concepts, as well as food preparation equipment - to the food services industry.

What sets us apart; is the fact that we are able to offer a turnkey solution; right through from the design of concepts and the manufacturing, supply and fitment of the equipment; to the training of users and support and maintenance - on an ongoing basis.

### **DESIGN**

At FoodServ we pride ourselves in being at the very forefront of the most up-to-date technology and concepts for the food services industry, the latest being our solutions for Quick Service Restaurant (QSR) concepts.

Coupled with three decades plus of hands-on experience, we are ideally poised to assess our clients' requirements, offer recommendations and engineer total rendering solutions for optimal kitchen operations – using trusted Solidworx software.

As such, FoodServ Solutions has become renowned for being an integral partner to the success of a multitude of the most well-known brands, including top food chains, flagship hotels and lodges, supermarkets, signature coffee shops, delis, mobile kitchens and production kitchens – throughout Africa and beyond.

### **MANUFACTURE**

FoodServ Solutions has its own manufacturing facility in Denver, Johannesburg where we proudly produce the trusted Turboquip brand.

This encompasses a novel range of top quality and custom-made factory food preparation equipment – that are specifically designed to meet the needs of any industrial or commercial kitchen.

## **SUPPLY**

FoodServ is the agent and importer of best-of-breed international brands such as Henny Penny, Fri-Jado, Lincoln, Rational, Moduline, La Marzocco, Angelo Po, Merrychef, Vitamix, Mondial Forni and Frima, to mention a few.

Some of our accomplishments in this arena include the international Supplier of the Year Award with Henny Penny, for the most sales achieved by a world distributor, as well as numerous local supplier awards such as the YUM! Supplier of the Year and Customer Mania Awards.

## **FITMENT**

FoodServ has an in-house specialist technical department headed by some leading experts in the various food services fields. With an uncompromising approach to quality, all our service technicians are qualified and trained to execute diagnostic evaluation and repair fitment according to the highest standards and international best practices.

## **TRAINING**

Apart from on-site training on the use of equipment upon delivery and fitment, comprehensive client consultations are offered via FoodServ demonstration kitchens nationally.

## **SUPPORT**

FoodServ has a strategically positioned network of service technicians and fully qualified subcontractors – who are dedicated to service our clients across Southern Africa - and into neighbouring countries.

To ensure rapid turnaround and minimal disruption to our clients' operations, we stock a full range of spares with guaranteed original parts of all the equipment we supply.

## **THE LOGISTICS**

FoodServ is head-quartered in Denver Johannesburg, has full branches in Durban and Cape Town and a nationwide support infrastructure. Our export division is active in the Sub-Saharan African market.
